AMU Student Support Group for Education

→ About Us:

SSGE is a dedicated initiative by AMU School well-wishers and alumni from Minto Circle, aimed at supporting students in AMU-affiliated schools. We believe no student should be forced to abandon their education due to financial hardships.

Our scholarships, some of which are named in honor of distinguished alumni or teachers, are designed to ensure that deserving students can continue their education.

These initiatives aim to empower young individuals by removing financial barriers to education, providing access to resources, and nurturing personal growth through mentorship.

→ Our Mission:

We are committed to ensuring that no student drops out of AMU schools due to a lack of financial resources or guidance. We offer scholarships and mentorship to support students both academically and personally.
